2020 | NOVEMBER

Selama pandemi ini kita punya kesempatan untuk mengasah gergaji kita. Sedikit mengambil jeda untuk menganalisis, mempertajam strategi dan mencipta beragam inovasi.

“During this pandemic we have the opportunity to sharpen our saws. Take a little pause to analyze, sharpen strategies and create various innovations.”

Tentang Mengasah Gergaji

- 1 Steven Covey bercerita tentang dua orang yang mengergaji kayu, yang satu terus mengergaji, yang satu selalu mengambil jeda dan mengasah gergajinya.

Ternyata orang yang kedua jauh lebih produktif. Meskipun orang pertama menghabiskan lebih banyak waktu, tapi hasilnya lebih sedikit. Karena dia tidak sadar kalau gergajinya semakin tumpul.

Selama pandemi ini kita punya kesempatan untuk mengasah gergaji kita. Sedikit mengambil jeda untuk menganalisis, mempertajam strategi dan mencipta beragam inovasi agar menjadi semakin baik lagi.

Beberapa bulan terakhir, PeaceGen membantu BNPT untuk melahirkan sebuah inovasi berupa platform knowledge hub yang akan menjadi ruang sinergi dan kolaborasi berbagai stakeholder di sektor P/CVE. Platform yang diberi nama i-Khub ini telah diluncurkan pada tanggal 19 Oktober 2020 di Jakarta. Peluncuran ini menandai dimulainya sebuah babak baru kerja-kerja P/CVE yang lebih kolaboratif dan berbasis data.

Melalui program ICD, PeaceGen juga membantu para guru khususnya kalangan pesantren untuk mengasah gergajinya. Melalui serangkaian workshop ICD yang telah berlangsung sejak 14 Agustus hingga 24 Oktober 2020, para guru belajar lagi beragam keterampilan yang wajib dikuasai oleh para pendidik abad 21. Keterampilan itu meliputi cara berpikir sistem, pembelajaran berbasis game, *social emotional learning*, dll.

Di bulan ini, keluarga besar PeaceGen berbahagia karena kelahiran bungsu kami, yaitu Chapter Riau. Latar belakang chapter ini sangatlah heroik. Para inisiator Chapter Riau di awal tahun kemarin rela untuk menempuh ribuan kilometer dari Riau ke Aceh untuk mengikuti training. Sepulang dari pelatihan tersebut selain membawa pemahaman dan skill baru tentang 12 NDP, mereka juga membawa api semangat yang membara untuk menyebarkan perdamaian di Riau hingga akhirnya mereka mendirikan chapter sendiri.

Selamat datang Chapter Riau, selamat bergabung dengan keluarga PeaceGeneration, mari kita mengasah gergaji yang tumpul bersama-sama.

Sharpening Chainsaw

E Stephen Covey tells the story of two people sawing wood. One sawed continuously, while the other took breaks and sharpened his saw. It turned out that the second person was much more productive.

Although the first person spends more time working, his result is not as great. This is because he didn't realize that the saw he was using was getting dull.

During this pandemic we have the opportunity to sharpen our chainsaws. Take a little pause to analyze, sharpen strategies and create various innovations that will help us be better.

In the last few months, PeaceGen helped BNPT produce a knowledge hub platform that will become a space for synergy and collaboration between various stakeholders in the P / CVE sector. The platform, named i-Khub, was launched on 19 October 2020 in Jakarta. This launch marks the start of a new chapter of P/CVE's more collaborative and data-driven work.

Through the ICD program, PeaceGen also helps teachers, especially in Islamic boarding schools, hone their saws. Through a series of ICD workshops that took place from 14 August to 24 October 2020, teachers are learning a variety of skills that 21st century educators must master. These skills include systems thinking, game-based learning, social emotional learning, etc.

This month, PeaceGen is happy because of the birth of the youngest member of PeaceGen's extended family: PeaceGen's Riau Chapter. The origin story of this chapter is very inspirational. At the beginning of last year, the initiators of the Riau Chapter traveled thousands of kilometers from Riau to Aceh to attend a training. After returning from the training, in addition to bringing new understanding and skills about 12 NDP, they also brought a burning spirit to spread peace in Riau. Thus, they established their own chapter.

Welcome, Riau Chapter to the Peace Generation family, let's sharpen dull chainsaws together.

Modal Nekat sampai Bikin Afiliasi PeaceGen di Kalimantan

- 1 “Cerita perubahan saya, Ahmad Afryan, seseorang yang sebenarnya memiliki berbagai kesempatan untuk terlibat aktif dalam menyebarkan nilai-nilai perdamaian, namun perlu tiga tahun untuk mulai menyadari kesempatan berharga tersebut, kemudian baru memulai perjalanan perubahan saya bersama PeaceGeneration Indonesia.

Dimulai dari 12 Nilai Dasar Perdamaian yang PeaceGeneration perkenalkan sampai program-program yang telah diselenggarakan, saya cari informasinya dan saya pelajari, hingga saya sangat tertarik dengan salah satu program unggulan PeaceGeneration yaitu PeaceSantren yang kemudian ingin saya selenggarakan di Kalimantan Selatan. Pada tahun 2019, PeaceSantren Kalimantan Selatan telah berhasil terselenggara atas kerjasama yang baik dengan tim dan para pihak yang mendukung, dengan lebih dari 50 peserta yang hadir dari berbagai sekolah dan universitas di Kalimantan Selatan.

Melalui PeaceSantren Kassel 2019 saya semakin banyak belajar mengenai 12 NDP dan bagaimana menginternalisasi dan mengimplementasikan nilai-nilai tersebut. Selain itu, isu bullying juga diangkat dalam PeaceSantren Kassel 2019 karena akhir-akhir ini isu bullying semakin marak terjadi terutama di lembaga pendidikan formal.

Saya terlambat menyadari bahwa saya belum memaksimalkan kesempatan yang saya dapatkan untuk aktif dalam menyebarkan nilai-nilai perdamaian, kemudian muncul semangat saya untuk “mengamalkan” ilmu yang saya dapatkan, ditambah ketekatan saya untuk memulai secara aktif terlibat dalam program PeaceGeneration Indonesia melalui menyelenggarakan PeaceSantren pertama di pulau Kalimantan sampai “selamat” dalam menyelenggarakannya dan menjadi awal kolaborasi yang lebih banyak dengan menjadi Affiliate PeaceGeneration adalah fase-fase dalam cerita perjalanan perubahan saya bersama PeaceGeneration.

Semakin tidak sabar menjalani cerita perubahan selanjutnya bersama PeaceGeneration, Salam! Peace!”

From a Small Brave Moment to Becoming PeaceGen's Affiliate in Kalimantan

“I was someone who actually had various opportunities to be actively involved in spreading the values of peace, but it took three years for me to realize this valuable opportunity. My journey of change began with Peace Generation Indonesia.

Starting from the 12 Basic Values of Peace that PeaceGeneration introduced to the other programs that PeaceGeneration has held, I looked for information and learned more. As a result, I was very interested in one of PeaceGeneration's flagship programs, PeaceSantren, which I then wanted to organize in South Kalimantan. In 2019, PeaceSantren South Kalimantan was successfully held in good collaboration with the team and supporting parties, and was attended by more than 50 participants from various schools and universities in South Kalimantan.

Through the 2019 PeaceSantren South Kalimantan, I have learned more about the 12 Basic Values of Peace and how to internalize and implement these values. In addition, the issue of bullying was also raised in the 2019 PeaceSantren South Kalimantan because recently the issue of bullying has become increasingly prevalent, especially in formal educational institutions.

I realized I was late to the game and that I had not yet optimized the opportunities in front of me. I made the choice to more actively spread the values of peace. My enthusiasm to "practice" the knowledge I had, plus my determination to start being actively involved in the Peace Generation Indonesia program by organizing the first PeaceSantren in Kalimantan was the jumpstart I needed. It is what led me to become a PeaceGeneration Affiliate and is just the beginning of my journey of change with PeaceGeneration.

Can't wait to make the next story of change with PeaceGeneration, Greetings! Peace!"
